

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY REGION II

DATE:

SUBJECT: Approval of the *Final Remedial Action Report* for the Old Roosevelt Field Groundwater Area Contamination Site

FROM: Pietro Mannino, Chief
Western New York Remediation Section

TO: Doug Garbarini, Chief
New York Remediation Branch

Attached for your approval is the OU1 *Final Remedial Action (RA) Report* for the Old Roosevelt Field Groundwater Area Contamination Site. This RA report was prepared to describe and document the remedial construction activities performed at the Old Roosevelt Field Site. The RA report includes construction details, deviations from the remedial design, project costs and requirements to ensure the long-term performance and effectiveness of the remedy. The report was prepared by CDM Smith.

Please denote your approval of the subject document by signing below.
